City of Watertown

COMPREHENSIVE PLAN

**YOU'RE
INVITED!**

**OPEN HOUSE
EVENTS**

Come help set an exciting direction for Watertown's future!

Today an **urban renaissance**—long in the making—is quickly coming into focus in Watertown. Come help us understand where there are **opportunities** for investment and **issues** that we should look to address.

We've established a series of **Open House events** in six locations that generally reflect elementary school boundaries. Each one will look for input to that specific boundary, but also at a full city level. Each Open House will involve a **series of stations** that you can use post-it notes to share your input. We'll also have staff at each event to talk through topics.

Post-Blizzard Make up!
